Courses Not Offered - Spring 2027

Schedule period: January 4 - April 19, 2027 | Updated: October 22, 2026

Massage Therapy (A.O.S.)

The courses below do not appear by course code in the Spring 2027 Section Schedule issued October 22, 2026. This is a schedule comparison, not a course cancellation or a change to degree requirements. Later schedule revisions may change availability.

Required courses and named elective options are separated by category. Elective options are choices, not a requirement to complete every listed elective.

Course code	Course of study title	Category
HS 111	Anatomy and Physiology I	Required
HS 113	Myology I	Required
AT 110	Asian Bodywork I	Required
WT 214	Medical Massage II	Required
HS 203	Pathology II	Required
EL 101	Western Nutrition	Elective option
EL 105	Pregnancy and Infant Massage	Elective option
EL 106	Clinical Reflexology Theory and Practice	Elective option
EL 107	Introduction to Western Herbs	Elective option
EL 108	Palpation Lab	Elective option
HS 115	Clay Anatomy 2	Elective option
WT 209	Therapeutic Chair Massage	Elective option
WT 211	Corporate Chair Massage	Elective option
WT 212	Sports Massage	Elective option
WT 220	Trigger Point Therapy 2	Elective option
WT 240	Introduction to Sports Massage	Elective option
WT 252	Assessment / Exercise Rx / Instruction	Elective option
WT 254	Nutrition and Weight Management	Elective option

Physical-arts elective options not listed

PA 304, PA 305, PA 307, PA 308, PA 309: Tai Chi Chuan Courses

PA 312, PA 313, PA 314, PA 315: Hatha Yoga Courses

Tai Chi, Hatha Yoga and Qi Gong choices are scheduled. Generic PA 3X1 / 3X2 / 3X3 requirement slots are not treated as missing course codes.

Returning Acupuncture Alumni Pathway

Spring 2027 | Schedule period: January 4 - April 19, 2027 | Updated: October 22, 2026

This is the additional herbal specialization pathway listed in the herbal course of study, not a standalone degree program. The following pathway codes are not listed in the supplied Spring schedule. They overlap with some of the degree-course entries on the preceding page.

Course code	Course of study title	Category
CH 402	Chinese Herbal Formulas I	Alumni pathway
CH 403	Herbal Formulas II	Alumni pathway
CH 501	Herbal Formulas III	Alumni pathway
CH 502	Clinical Application of Herbs I	Alumni pathway
HS 601	Pharmacognosy & Toxicology	Alumni pathway
C 521	Herbal Clinic I	Alumni pathway
CH 503	Clinical Application of Herbs II	Alumni pathway
CH 504	Shang Han Lun	Alumni pathway
C 522	Herbal Clinic II	Alumni pathway
CH 601	Clinical Applications of Herbs III	Alumni pathway
CH 602	Wen Bing Xue	Alumni pathway
C 514	Clinical Analysis & Case Histories IV	Alumni pathway
C 523	Herbal Clinic III	Alumni pathway

How to use this notice

Courses were compared by exact code. A similarly named course or another course in a sequence was not assumed to be an equivalent. For example, HS 302 does not establish that HS 301 is offered, and AC 502 does not establish that AC 501 is offered. No substitutions or equivalencies are approved by this notice.

Generic elective slots were excluded. Named electives and physical-arts options were checked separately. The supplied schedule lists 85 sections covering 78 unique course codes, including arranged clinic sections, which are treated as scheduled. Individual course dates may differ from the overall trimester period.

This comparison covers the three published courses of study and the alumni pathway within the herbal document. It does not enumerate every course ever listed in the catalog. Schedule-only codes with no matching course-of-study entry were not used to infer a substitution.

Students should check the latest schedule and contact the Office of the Registrar at registrar@nycollege.edu before making registration decisions. Minor revisions may follow; use the Updated date to identify this version.
